Internship

Software Development Virtual Intern

Sept 2025 - Oct 2025

CODEC Technologies

- Built a blockchain-based voting system handling 100+ users, reducing fraud risk by 80% through Ethereum smart contracts ensuring tamper-proof voting with zero data manipulation
- Built REST APIs for authentication and user management, improving system reliability

Edu Skills Virtual Internship Program

Jan 2026 - March 2026

AICTE

Internship Domain: AWS Gen AI

AICTE Student ID: STU6596d47506a931704383605

Projects

Avyakta | Full-Stack Humanitarian Web Application

May 2026

Technologies: React.js, Node.js, Express.js, MongoDB, Supabase, Google Gemini 1.5 Flash AI, Azure Face API, Twilio, JWT, bcrypt, Resend API, Multer

- Engineered a humanitarian MERN platform enabling 200+ families to report unclaimed deceased bodies and reunite via AI search and biometric face matching — built at HackOrbit 2025 Hackathon
- Integrated Google Gemini 1.5 Flash multimodal AI for missing person matching across 10+ parameters with 3-tier fallback (Backend API → Client AI → Local fuzzy matching)
- Implemented Azure Face API pipeline for face detection, FaceList registration, and confidence-based similarity matching: secured backend with JWT + bcrypt and Twilio OTP
- Built anonymous reporting (zero PII), real-time case tracking, and automated email notifications via Resend API with Nodemailer SMTP fallback

AI Calling Agent System | Python, Omni Dimension AI Platform, APIs

November 2025

- Architected an AI-powered calling agent handling automated inbound/outbound calls with multi-language support and voice recognition
- Achieved 95%+ call handling accuracy with real-time analytics and performance tracking

Certificates

Smart India Hackathon (SIH)

September 2025

Internal Hackathon

Data Structures with C++

July 2025

RCPL

Ideathon 2.0

October 2025

Participation

Technical Skills

- Languages: C++, Python, JavaScript
- Frameworks: React.js, Node.js, Express.js
- Databases & Cloud: MongoDB, Git, Postman, n8n, VS Code, Supabase
- Concepts: DSA, REST APIs, System Design, Authentication, Biometric Recognition
